

Flexible Spending Arrangements (FSAs) help you save money on health and day care expenses and allow you to spend it on the things you care about. FSAs will have the whole family cheering!

Taxes 101

The federal government takes about 30% of each dollar you earn in FICA and federal income taxes, and you take home the remaining 70% to use for your living expenses. When you use an FSA, you set aside money before it is taxed, so you spend the entire 100% of your earned income on your day care expenses.

How much could you save?

Let's look at an example: Employees A and B both earn \$55,000 per year. They each have \$2,000 in out of pocket day care expenses.

Employee A and Employee B have the same earnings and tax bracket, but Employee B saves \$600 per year by contributing to an FSA!

Employee A	
Annual gross income	\$55,000
Estimated taxes (30%)	<u>-\$16,500</u>
Annual net income	\$38,500
Out-of-pocket care expenses	<u>-\$2,000</u>
Actual take home pay	\$36,500
Employee B	
Annual gross income	\$55,000
Out-of-pocket care expenses	<u>-\$2,000</u>
Adjusted gross income	\$53,000
Estimated taxes (30%)	<u>-\$15,900</u>
Actual take home pay	\$37,100

How does it work?

- During your open enrollment estimate your expenses for the plan year and enroll in the plan.
- Your annual election amount will be evenly deducted pre-tax from your paycheck throughout the plan year.
- You cannot change your annual election amount after the plan start unless you have a qualified change in status. For example, birth, death, marriage or divorce.

- The Health Care FSA is a pre-funded benefit. This means you have access to your full annual election amount at any time during the plan year.
- Estimating future expenses is an important step as you prepare to enroll in an FSA. The more accurate you are in estimating your expenses the better the plan will work for you!

- Expenses can be for your dependent children 12 and under, and in some cases elder care, and must be enabling you to work, actively look for work or be a full-time student.

Election and Claim Filing Period

Open Enrollment period is a great time to look at your benefits and estimate your out-of-pocket expenses. Be sure to only elect an amount that you know you will use during your plan year. At the end of the plan year you will have a claim filing period to turn in any leftover claims for your benefits. Unused Health Care FSA balances up to \$500.00 will be carried over to the subsequent plan year. Any Health Care FSA funds in excess of \$500.00 is subject to the Use-or-Lose rule and cannot be refunded to you.

Carryover

Your plan offers a carryover feature for your health FSA. This feature allows you to roll over up to \$500.00 of unused health FSA funds to the following plan year. The carryover feature does not apply to unused daycare FSA funds. Carryover amounts will be credited after your claim filing period.

Navia Benefits Card

Rather than filing a claim and waiting for reimbursement, you can use the debit card to pay your provider directly for qualified health care and daycare expenses. The card is accepted at participating merchants using the Inventory Information Approval System (IIAS) and at medical care merchants using the Master-Card® system. Be sure to hang on to your receipts in case we need to see them to verify the expense eligibility. If we need to see a receipt, you will notice an alert on your mobile app and we will send you an email reminder.
